

*Announcement and call for Abstract*

**3<sup>rd</sup> SOLLAB Doctoral-Colloquium**  
**on**  
**Solar concentrating Technologies**

September 11-13, 2007

Font Romeu, FRANCE

**Abstracts due July 31<sup>st</sup>, 2007**

<http://www.sollab.eu>

**SOLLAB**, Alliance of European Laboratories for Research and Technologies on Solar Concentrating Systems, is an Alliance of five

laboratories of CIEMAT, CNRS, DLR, ETH and PSI from four countries (Spain, France, Germany and Switzerland respectively).

The 3<sup>rd</sup> SOLLAB Doctoral-Colloquium will be held at the PROMES Laboratory (<http://www.promes.cnrs.fr>), which is located at the Solar Furnace in Odeillo.

The SOLLAB Doctoral-Colloquium is dedicated to presentations and discussions by Doctoral Student working in the fields of solar concentrating electricity generation and solar chemical conversion.

**Accommodation fee :**

295€ per person for 3 days, full board in single room

235€ per person for 3 days, full board in double room
